

The Salvation Army Pakistan Territory

Job Posting

Position Details:

Job Title: Electrician
Number of Positions: 1
Department: Property Department
Reports to: Territorial Property Officer
Work Locations: The Salvation Army THQ Lahore.
Travel: No
Gender: Male
Age: (35 – 45 years) **Qualification:** Diploma in Electrical Technology/Electrical Engineering
Employment Type: Contractual Full Time: 8 hours a day, Monday to Friday
Remuneration: Market compatible

Role Summary:

The Electrician will be responsible for the installation, maintenance, repair, and troubleshooting of electrical systems at The Salvation Army Pakistan facilities. The position requires practical experience in single-phase and three-phase wiring, along with basic knowledge of solar panel systems and air-conditioning electrical work. The successful candidate will ensure safe, efficient, and reliable electrical operations.

Duties and Responsibilities:	Qualifications/Experience/Skills/Competencies:
• Install, maintain, repair, and troubleshoot electrical wiring, fixtures, equipment, and systems within The Salvation Army Pakistan facilities. • Carry out single-phase and three-phase electrical wiring, installation, testing, and maintenance. • Identify and rectify electrical faults, short circuits, power failures, and other electrical problems. • Conduct regular inspections of electrical systems and equipment to ensure safe and efficient operation. • Perform routine and preventive maintenance of electrical systems and equipment. • Provide basic electrical support for solar panel systems, including wiring, connections, and identification of common faults. • Provide basic electrical support for air-conditioning units, including electrical connections, routine maintenance, and identification of common electrical faults. • Use electrical tools, testing equipment, and safety equipment appropriately. • Maintain proper records of electrical repairs, maintenance work, materials used, and equipment conditions. • Report major electrical faults, safety concerns, and maintenance requirements to the Line Manager. • Assist with electrical installations and maintenance work at offices, residential facilities, and other Salvation Army properties at THQ. • Coordinate with contractors and other technical staff when specialized electrical work is required. • Ensure that all electrical work is carried out safely and in accordance with applicable safety standards and organizational procedures. • Maintain cleanliness and proper care of electrical tools, equipment, and work areas. • Follow The Salvation Army Pakistan's policies, safeguarding requirements, health and safety procedures, and confidentiality guidelines. • Perform any other duties assigned by the Line Manager.	• Diploma in Electrical Technology/Electrical Engineering from a recognized institution. • <u>Minimum 4 years relevant field experience.</u> • Proven practical and hands-on experience in electrical installation, maintenance, and troubleshooting. • Good practical knowledge and hands-on experience in single-phase and three-phase electrical wiring and systems. • Basic knowledge of solar panel systems, including basic wiring, connections, and identification of common faults. • Basic knowledge of air-conditioning systems, particularly electrical connections, routine maintenance, and identification of common electrical faults. • Ability to read and understand basic electrical wiring diagrams. • Good knowledge of electrical safety procedures and safe working practices. • Ability to safely use electrical testing instruments, hand tools, and other relevant equipment. • Previous experience working in an institutional, commercial, school, hospital, or similar environment will be an advantage. Personal Attributes: • Honest, responsible, reliable, and punctual. • Good troubleshooting and problem-solving skills. • Ability to work independently and as part of a team. • Willingness to respond to electrical emergencies when required. • Good communication and interpersonal skills. • Commitment to safety, quality, and professional standards.
